

School Board Votes On Non Paid Day

Friday, 25 February 2011 11:05

March 17th on the Lacrosse school calendar was an off day for students and teachers. Not anymore.

The board voted last night to allow that day as the replacement day from 2 weeks ago when teachers called in mass to use a sick day.....which then shut the district down. The sick day was used so some teachers could head to Madison to protest Governor Scott Walkers budget repair bill that would squeeze collecting bargaining rights.

Superintendent Jerry Kember says they will be open for business.....though it is a non paid day for staff.

The vote passed 6-3
