

Want to get involved in politics, now?

A supreme court recount battle is looming. There's a special election in the 94th assembly district coming up next month. A recall election is somewhere on the horizon. Perfect timing for some activist training. Which is coming to the La Crosse RAdisson tomorrow, courtesy of the group, American Majority

Matt Batzel is state director for the group. He says the training is for people to be more effective in their activism. American Majority's a conservative group, but Batzel insists he welcomes all-comers to the training. Registration begins Saturday at 2:30.
