

Interest in 3 area Superintendent searches has been relatively high.

Onalaska recieved 11 resumes for their open post.....Westby looked over 7, and named a Superintendent Monday night, and Lacrosse has whittled 9 applications down to 2 people. Not bad says school board President, Christine Claire. She says it will be hard to replace outgoing Superintendent, Jerry Kember, but who ever replaces the long time educator...should have no problem adjusting to a paved road that Kember has laid.

Onalaska hopes to name one after May 4th.....and the new super in Lacrosse could be named by the end of the month.
