

Thieves Hit Fleet Farm In Winona

Wednesday, 07 December 2011 10:53

Looks like an electronics filled Christmas for some thieves in Winona. Lots of electronics.

Last Wednesday afternoon, 3 men walked into the Fleet Farm, one leaving shortly after going in the store. The other two took a large hockey equipment bag from a shelf and began filling it with electronics and sporting goods. Items stolen? A crossbow, Nintendo Wii, Xbox 360 and Playstation 3 game systems, telephones, DVD players, a BB pistol and other items. Worth close to three grand. The men then left the store, loaded the bag filled with merchandise into a waiting car and took off.

The entire ordeal was captured on video. Police are investigating.
