

\$53,000 Awarded To Local Teachers

Wednesday, 28 December 2011 13:06

Just before Christmas, over \$50 thousand was doled out to teachers in the Lacrosse School District for classroom projects. Money that did not come from the district. It's money that comes from the community.

The executive director of the La Crosse Public Education Foundation Geva Thole says the need for financial assistance has grown across the district.

The foundation has been around for 22 years now and helps support Essentials for Student Learning and Achievement.....Classroom Innovation and Teacher Excellence.
