

A La Crosse murder victim died of strangling, but her death is still considered drug-related...

Today, a 44-year-old man was arrested for the killing of Kristen Rodgers. Izelia Golatt is scheduled in court this afternoon, to be charged with first-degree murder. La Crosse Police Chief Ed Kondracki says if people want to reduce the amount of drug abuse and related crimes in this area, they should be willing to report drug activity.

Kondracki says the police need more resources to investigate drug use, and prevent crimes such as the Rodgers murder. Golatt was captured at his home near the Green Island arena.
