

The crash report is finished...

A supervisor with the Wisconsin State Patrol tells us that the report on a fatal collision this summer near Holmen should be delivered to the La Crosse District Attorney today. Supervisor Duane Meyers expects the D-A to release results of the investigation by early next week, after deciding whether charges should be filed in the case. Sixteen-year-old Brandon Jennings was killed on July 18th when his car collided with a La Crosse County squad car that was heading to a crime scene in Holmen. The deputy who drove the squad car has been on routine leave since the accident, while the State Patrol investigated.
