

West Salem Boys and Girls Club To Meet On New Site

Wednesday, 12 January 2011 10:24

The Franciscan Skemp owned building that housed the West Salem Boys and Girls Club will be demolished after it was learned the building took to much damage when snow collapsed the roof on the structure last month.

Mike Desmond, executive director of Boys & Girls Clubs of Greater La Crosse, says they need to find another location soon.....as the numbers of kids served has dropped.

Every day, West Salem club members have been taken by bus to the Terry Erickson Boys & Girls Club site in La Crosse.

The board will meet tonight at 6pm to discuss a potential site in West Salem that could serve as their new home
