A well-known area couple and the retired director of the Franciscan Spirituality Center are being honored for their volunteer work for the La Crosse area...

This year's Iverson-Freking Award from the Bethany-St. Joseph Corporation goes to Ed and Sally Sullivan and Vince Hatt. They all say they're 'humbled' by receiving the annual award for community service. The Sullivans have spent many years raising money for the Children's Miracle Network. Hatt is active in Rotary, and works as a tutor to young people. The awards will be presented at a luncheon on January 18th.
