

Holmen Eighth-Grader Expelled

Friday, 19 March 2010 12:13

It doesn't happen often in Holmen. Hardly ever, in fact, has there been occasion for the Holmen school district to expel a student. Happened this week. The district won't divulge many details, but the school board agreed to expulsion of an eighth grade student at a special meeting this week. Superintendent Dale Carlson will only say that the student was endangering the health and safety of others.
