

Governor Scott Walker announced in La Crosse today that Authenticom in La Crosse will create up to 50 jobs as a result of the company's expansion. The company is eligible for up to \$230 thousand in tax credits through the Wisconsin Economic Development Corporation.

Authenticom is planning a significant investment to lease, furnish and equip additional space at its location in La Crosse. Authenticom is a leading provider of data management services in the automotive industry.

The Economic Development Tax Credits will be distributed annually in direct relation to the number of new, full time positions created and filled over a three year period.
