

La Crosse County has had a drug court since 2001 and it's been succesful. Winona County hopes to get the same results as they are close to developing one there. County Attorney, Karin (CAR-IN) Sonneman.

Representatives from law enforcement, community services and legal staff, along with several other members, all attended a weeklong training session in Minneapolis hosted by the National Drug Institute, where they learned about different aspects of the proposed program and drafted a list of policies and procedures. It should begin in the fall.
