

Bring Out Your Drugs!

Tuesday, 24 April 2012 11:42

It's happening all over America this weekend...

The Drug Enforcement Administration is sponsoring what it calls 'Drug Take-Back Day' on Saturday, when people can throw away prescription drugs that have gone unused, or have expired. More than five thousand drop-off sites have been used during previous collections. In La Crosse County, four sites will be set up for drug disposal. The medications will be collected at Viterbo University, the Onalaska Police Department, the CESA-4 office in West Salem, and at the Household Hazardous Materials site on Highway 16.
