

The Rush Is On

Thursday, 24 May 2012 10:05

Over 90 thousand absentee ballots have been issued for the upcoming June 5th recall election.....not surprising to UW-L Professor, Joe Heim. He says you can gauge the ever growing interest by going back to the May 8th primary.

Some area clerks are now saying they expect around 80% voter turnout come the 5th and they are expecting a rush to vote absentee next week as well.
