

## **Worker Hit By Train at Forest Hills**

Tuesday, 19 June 2012 12:10

---

Someone hit by a train at Forest Hills this morning in La Crosse. Apparently a worker at the golf course was crossing the tracks after eight this morning in a small utility vehicle when he was hit by a train. Stunningly, Police say the worker suffered only minor injuries while the little utility vehicle he was on was absolutely destroyed. He told cops he never heard the train coming.
