

## City Tickets for Garbage Messes

Monday, 10 September 2012 12:12

---

The garbage crackdown is beginning in La Crosse.

At least three landlords got nailed with 177 dollar tickets this week-end for garbage messes at their rentals. The tickets come just a couple days before today's notice from the city that the the grace period is over for enforcing a vast number of changes in the city's garbage regulations. From now on, landlords can look forward to tickets for their tenants chucking their junk on the curb without it being in appropriate containers as well as for other violations. Five hundred dollar tickets for putting electronics out with the garbage.
