

School Board Approves Budget

Tuesday, 30 October 2012 09:58

The La Crosse School District's tax rate will be slightly lower than anticipated. The projected rate was \$12.28 when the district planned the budget in July. Now it will be close to \$12.13 per \$100 thousand home. A 5 cent total drop for taxpayers. Janet Rossiter says it's a good thing the state is giving a \$50 match per pupil this year.

The district is down 142 students this year.....and so is the money they would receive per student. The district board passed an \$83.3 million budget last night.
