

Fitness Fest Takes to Streets (And Closes Some) in La Crosse

Friday, 30 April 2010 09:06

A little more traffic on the streets of La Crosse this week-end. But it will be mostly the human-powered variety. The fitness fest is bringing thousands of walkers, runners and bikers to city streets. Fitness Fest races will also close some streets. Bliss road up to Grandad Bluff will be closed from four to seven tomorrow night. On Sunday, the Cass Street Bridge will close early for the start of the Fitness Fest marathon. At various times on Sunday; Second street, Third street, La Crosse street, Front street and Losey Boulevard will all close in order to give up pavement time for runners and bicyclists.
