

## Nelson Does Not Like Walkers Budget Proposals

Wednesday, 20 February 2013 11:18

---

Part of Governor Walkers proposed budget plan to be released today, includes money for Low performing schools who will have more opportunities to improve and strong schools will be rewarded for their hard work. Walker says he would kick in a \$64 million grant program for public schools to coincide with the new report card system. Something Randy Nelson with the La Crosse schools is against.

Walker says the state's report cards will play a major role in determining which schools will have a shot at earning these grants.
