

Folks living in Houston County will be getting phone calls this week, asking them to help fix up the Caledonia community swimming pool.

A volunteer group starts a week-long 'Phon-a-thon' tonight. Phon-a-thon leader Carolyn Medin says more than a million dollars has been raised so far...but they need 100-thousand dollars more to start construction after this summer. Medin says the main swimming pool in Caledonia would be renovated, and a baby pool would be converted into a zero-depth pool.
