

715: Start Practicing the 10 Digits Now

Wednesday, 16 June 2010 10:03

Another five years before the 608 area code runs out of numbers. But it's coming up fast for those in the 715. Because of the lack of phone numbers a new area code is getting added to the 715. And, by July 17th, everyone in that area will have to dial even local calls with ten digits in order for calls to go through.
