

County Receives One Bid For Administrative Center

Tuesday, 18 June 2013 14:22

La Crosse County Administrator, Steve O'Malley says the county has received one bid for the county administrative center.

And the building would be converted into student housing for Western Technical College. O'Malley says the price would also include the \$1.7 million worth of asbestos removal. If the proposals are approved by both the city and county and everyone is on board, the building would have to be vacated by the fall of 2015. A presentation will be given next Thursday at 5:30 in the administrative center.
