

A man wanted in connection with a Black River Falls murder has been taken into custody.

Black River Falls Police Sergeant Roger Hackman tells us that Michael Harmon was arrested by Milwaukee City Police last night on a parole violation warrant. Hackman says not much else can be released at this time until they have a chance to talk to Harmon about the death of Angela Nelson.

Nelson was found dead after police were asked to do a welfare check at her house about 7 p.m. Sunday. She was found dead in a bathtub.
