

A driver fell asleep behind the wheel at 4 in the morning this weekend, near Readstown...

Three people were in the car when it went off Vernon County Highway T and rolled over. One passenger was ejected, and had neck and back injuries as a result. Twenty-three-year-old Carrie Hanson of Viroqua managed to get to a private residence after the crash, but then was taken by ambulance to Vernon Memorial Hospital, and then transferred to La Crosse. The other passenger in the car had minor injuries, and the female driver, Bryany Everson of Viroqua, was not hurt. Sheriff's officers say Everson waited nearly six hours to report the accident on Sunday.
