Two months after being seriously injured in a boating accident, Onalaska businessman Jason Baldner has improved a little...

But Baldner also has been placed in hospice care, as complications have developed in recent weeks. Baldner has been hospitalized at Gundersen Lutheran since late May. He received severe brain trauma while on a visit to Florida, when the boat he was riding in crashed into the shore. His family posts on the 'Caring Bridge' website that Jason is able to open his eyes and listens to family members who visit his hospital room. A fund for the Baldner family has been set up at Wells Fargo in La Crosse.
