

Fire Fund Set Up

Monday, 21 October 2013 04:14

You can help the victims of the fire that destroyed an apartment building on Wall Street in north La Crosse last month and left a number of people homeless.

Nobody that lived in the apartments had insurance. The September 13th fire took everything they owned.

A fund to support the victims was established at Merchants Bank. Anyone wanting to contribute can go to any Merchants location and make a donation to Victims of the Wall Street Fire.
