

## Dozens Of Seniors Go For Free Graduation Car

Tuesday, 03 December 2013 12:42

---

Nearly 100 La Crosse area high school students have shown an interest in winning a car for graduation...

The seniors have responded to an offer announced last summer by the Trust Point company. They're trying to qualify for the grand prize of a new Ford Focus by getting good grades this year, and entering an essay contest. The competition is limited to students from five high schools in La Crosse and Onalaska. The car will be awarded around graduation time in the spring.
