

New Voting Machines Coming

Thursday, 16 January 2014 09:40

You may see a difference when you go to the polls this February or April. La

Crosse County Clerk, Ginny Denkmeyer explains.

[\(Click for Audio\)](#)

The new machines are similar to the old, but have better scanning technology and the ballots are lighter. Each municipality purchased at least one machine.....the Village of Holmen bought 2 of them...the City of La Crosse bought 18 voting machines and La Crosse County ordered three of the new machines. All will be used this Spring.
