

A meth lab has been closed down in Monroe County. The Monroe County Dispatch Center took a report of a gas leak just before 5 this morning at 8047 Iband Ave in the Township of Sparta. Sheriff's Deputies were able to determine that a meth lab was the issue.

Items collected during a search warrant related in the manufacturing of meth. An adult man is in custody though his name is being withheld pending the Monroe County District Attorney's Office review for charges.
