

WEST SALEM SCHOOLS GET MONEY

Monday, 04 October 2010 14:52

West Salem gets some dough from the feds. 7 other Wisconsin cities and one county will have safer schools thanks a federal grant from the Secure-Our-Schools program in the U-S Justice Department.

West Salem is tabbed to get over \$20 thousand dollars....something West Salem High School Principal Mark Carlson says came as a surprise.

The funding will help cover the costs of surveillance systems, metal detectors, locks, fences, and lighting among other things.
