

First-degree murder and burglary charges against Powers

Monday, 01 November 2010 20:06

Murder, plus burglary, plus car theft...

Jackson County has filed more than half-a-dozen charges against the suspect in the October shooting death of Terrance Stoen. The most serious charge against 23-year-old Aaron Powers is first-degree murder. Powers is suspected of killing Stoen during a burglary, and then stealing his pickup and cell phone. He had both the phone and the truck when he was arrested days later while camping in Juneau County. His bond remains at a million dollars cash. An evidence hearing is planned for early January.
