

## **UWL Gets Parking Ramp, Storage Space in Governor's Capital Spending Plans**

Tuesday, 15 March 2011 10:54 -

---

A 12 million dollar parking ramp for UW La Crosse is part of a billion dollar capital spending plan from Governor Walker. The plan calls for a mixture of borrowing and cash for the five hundred car ramp on the campus that's long been discussed and was recently approved. Along with the ramp will be a new police station for the university police. A million dollar storage facility for the university is also in the governor's spending plan for physical facilities in the state.
