

Lobby Hours Cut at La Crosse PD

Tuesday, 12 July 2011 11:55 -

Money's tight and getting tighter in the city of La Crosse. Latest indication of that; the police department is cutting hours at its walk-up lobby area in city hall by more than half. Starting this week, the lobby will close at six and re-open at six in the morning. The lobby will also be closed on week-ends and holidays. Police chief Ed Kondracki says, the change is being made in order to meet increased demand for other services with fewer resources.
