

A new interview is in the works for an old murder case in La Crosse County...

Sheriff's Captain Kurt Papenfuss is saying a sex offender will be interviewed soon about the 1985 murder of U-W-L student Terry Dolowy. D-N-A testing will be done to see if the new suspect can be connected to Dolowy, whose body was exhumed a few years ago to obtain more physical evidence.

Dolowy's boyfriend also remains a suspect in the woman's murder and decapitation. Dolowy's burning remains were found in Vernon County a few days after she disappeared.
