

Alternate Side Parking Alert. Minus the Snow

Monday, 15 March 2010 17:30 -

There's likely to be more than one car with a ticket in La Crosse's alternate side parking study area this week. The city has put out an alert for the area to abide by alternate side parking rules even though there's no snow in sight. But street sweeping still has to be done, says Public Works director Dale Hexom. And this is a pretty good week to do that in the UWL neighborhood since students are on spring break. Alternate side parking ends for everyone outside the study area in April.
