

La Crosse's Committee of the Whole voted 14-1 Tuesday night in favor of paying \$10 thousand towards a study of an I-90 Exit 3 proposal. One down three to go. Make that 2 down.....the Onalaska City Council voted against paying \$5000 for the study last night. Mayor Mike Giese explains why.

Even though the council voted 5-0 against the measure....Giese says he is in favor of the study. The full La Crosse Common Council will have a final vote on its \$10 thousand share of the study Thursday.

The LAPC will decide next Wednesday and the county board next Thursday.
