

Doyle Shilling Bill To Be Heard

Monday, 16 January 2012 13:15 -

A bill, one of the proposals formulated at an economic development roundtable in La Crosse County proposed by Representative Steve Doyle, will probably pick up some steam this week as the Wisconsin session gets back to work tomorrow.

The bill focuses on expanding grants tech colleges use. The roundtable consists of representatives from Western Technical College, Workforce Connections, La Crosse County Chamber of Commerce and several others.
