

The Wisconsin Public Service Commission will hold hearings next week in Alma and Centerville. These will be the last chance for the public to weigh in on the proposed CAPX 2020 high voltage transmission line project. Tim Carlsgaard of CAPX explains what they would like to see happen.

The PSC has received 194 public comments on the project to date, and Carlsgaard expects as many as 500 people to attend next week's meetings. They take place Monday and Tuesday.
