

Kathleen Falk, Democratic candidate for governor and former Dane County Executive, told a crowd in La Crosse Monday that Governor Walker's War on Women must end now, and called on Walker to veto several pieces of legislation recently passed by the Republican controlled legislature to restrict women's access to health care and equal pay and to end age appropriate sex education for students. Falk talked about the bills.

Falk said as governor, she would replace Dennis Smith as Department of Health Services Secretary and conduct a top to bottom review of the department and the actions he and the Governor have taken.
