

The jury sees what police saw at a murder scene in Barre Mills...

Jurors at the Eric Koula trial in La Crosse have been shown a video taken by police the day that Dennis and Merna Koula were found dead in 2010. The tape shows the couple's bodies...Dennis in the kitchen, and Merna at her computer. Investigator Fritz Leinfelder read from a written statement by Eric, about finding the bodies.

Eric Koula is accused of shooting his parents on a Friday, and calling police three days later to say he had just found them. Other police testimony today has dealt with finding a rifle and shells in the house.
