

Burn Ban In Holmen

Thursday, 05 July 2012 08:41 -

The Holmen Fire Department has imposed a burn ban until further notice...

It affects an area of 84 square miles, including a large part of Lake Onalaska. Fire chief Doug Schober says open burning, including campfires and burn barrels, will be prohibited until the Holmen area gets significant rain for a day or two. Limits will be put on outdoor cooking fires.
