

Cooling Center Open Again Tonight In La Crosse

Thursday, 05 July 2012 13:12 - Last Updated Thursday, 05 July 2012 13:15

An overnight cooling center will be available tonight from 7:00 pm to 7:00 am at the Salvation Army location at 223 N. 8th Street. Residents are asked to call 2-1-1 for further information. A cool place and cots are provided. You are expected to bring bedding and personal medications. NO PETS are allowed. All visitors will be screened with a breathalyzer test. Emergency management and public health officials urge you to take steps to prevent serious illness that can result from heat, especially among vulnerable individuals such as seniors and those with chronic medical conditions. Some health conditions such as obesity, fever, dehydration, heart disease, poor circulation, sunburn and drug and alcohol use can make it harder for the body to stay cool in hot weather. For more information about extreme heat, contact your community resource line by dialing 2-1-1.
