

## **Burned Girls Still In Hospital**

Friday, 13 July 2012 08:27 -

---

Two young girls seriously burned in a campfire explosion in southeastern Minnesota last month remain hospitalized.

Four-year-old Chloe Langen has been upgraded from critical to serious condition at Regions Hospital in St. Paul. 5-year-old Annabelle Heyer is in fair condition at University Hospital's burn center in Madison.

Houston County sheriff's officials say an adult poured flammable liquid on a smoldering fire June 29th at Money Creek Haven Campground near Houston. The liquid ignited and caused the container to catch fire and explode.
