---

A new complaint against La Crosse county administrator Steve O' Malley. O'Malley was cleared by the county's ethics board weeks ago after local tea party activists complained about his campaign activities during the failed city administrator referendum. The same group has filed a similar complaint now with the state's Government Accountability Board. Greg Luce is with the group. He says the ethics board didn't look deep enough into the original complaint

Luce and the rest maintain O'Malley was illegally campaigning on county time.
