

### **3 Injured In Floor Collapse In Lax Apartment**

Sunday, 23 September 2012 15:25 -

---

Fire investigators in La Crosse are trying to figure out why a floor collapsed in an upstairs apartment on 6th Street this weekend...

Three people were injured in the accident at 135 South 6th, across the street from the cathedral. The building has been condemned, and cordoned off with police tape. A floor area of 30 by 30 feet collapsed around 11 o'clock on Saturday night. As many as 50 people may have been on that floor when it gave way. Firefighters shut off natural gas to the building after they found a gas leak.
