

Council Votes on Ramp Deal this Week

Monday, 26 April 2010 10:07 -

Big vote this week for the La Crosse city council. In a special meeting tomorrow, the council will vote on a development deal that will pave the way for another parking ramp downtown and developer Don Weber another Riverside Center building. Mayor Matt Harter likes the deal. He says, anytime the city can see this kind of development, he'll work hard to make it happen.

Ten million for the parking ramp. Eighteen million for the third Riverside Center building. Under the deal, Weber will build both, but the city will buy the parking ramp from him once it's complete.
