

Some local life-savers will get recognition tonight in La Crosse...

The Sudden Cardiac Arrest Association and the La Crosse Fire Department are hosting a 'Heroes Benefit' tonight at the Eagles Club downtown. The event will honor first-responders who have saved people that experienced cardiac arrest, and will raise money to buy defibrillators to be stationed in public locations. Tickets are still available from Assistant Fire Chief Warren Thomas at (608) 789-8042.
