

One Dead In St. Charles Motel Fire

Friday, 07 December 2012 09:45 -

A South Dakota man is identified as the motel guest who died in an overnight fire in St. Charles.

Vincent Wright was found dead, as firefighters battled the flames. Wright had just checked into the Downtown Motel in St. Charles yesterday. Three other people were staying at the motel, but none of them was injured. Flames were reported at the motel around 11 o'clock last night. A short time after that fire was under control, a second fire broke out at the motel.
