

Heroin Strikes Again

Thursday, 13 December 2012 14:01 - Last Updated Thursday, 13 December 2012 14:03

Heroin has taken, yet, two more lives. This time in Tomah.

According to

Tomah Police, the two people found dead in a Tomah home in October died as the result of a heroin overdose. Lt. Ron Waddell says that heroin was found in 35 year old Michael Bobak and 25 year old Tracey Small. Toxicology reports were just completed on the pair. Both were found in a residence at 511 North Glendale Avenue on October 8th.

Waddell says that investigators are now trying to find out where either Bobak or Small got the heroin. Anyone with information is asked to contact Tomah Police.
