A national guardsman is in hot water for terrorizing a nursing home in La Crosse over the week-end. Cops say 24 year-old Grant Adams broke into Bethany Riverside just before six on Saturday morning. They say he snuck up behind a 33 year-old female employee, put a plastic bag over her head and attempted to strangle or suffocate her. POlice say the woman ripped off the bag and called for help. After a bit of a fight, cops arrested a very drunk Adams at the nursing home. He told them he was involved in some special ops. Just making sure they were doing their job. He faces multiple charges.
